## 07.12a Data retention document for Little Doves Christian Pre-School Aug 24 (website)

Approach: To ensure key data retention periods are supported, it is proposed to assemble the following records into composite files as shown below (in bold). All records within each group will be retained for the longest retention period required by record types within the group. Where records within a group have a shorter retention period this is noted in brackets. Should a child not start at the setting any information that has been provided will be not be retained.
